

This installation guide is additional to the Washstand Installation Guide. Please refer to parent part installation guide.

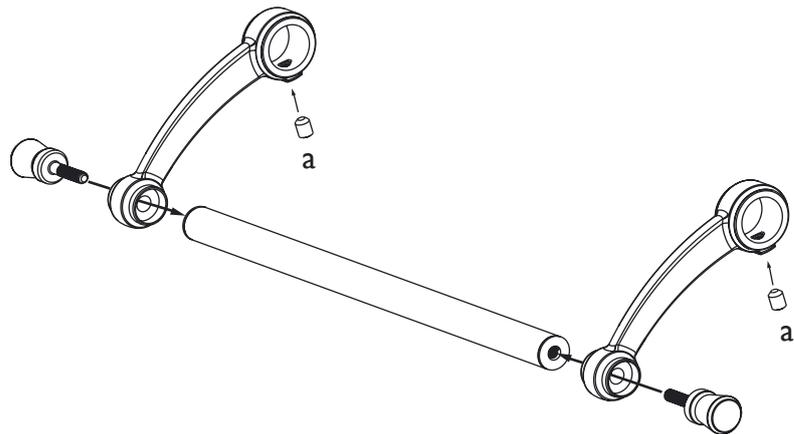

1

Pack Contents		
No.	Description	Qty
1	Towel Rail Nut	2
2	Towel Rail Bracket	2
3	Towel Rail Pole Assembly	1
4	Grub Screw	2
5	3mm Hexagonal Key	1

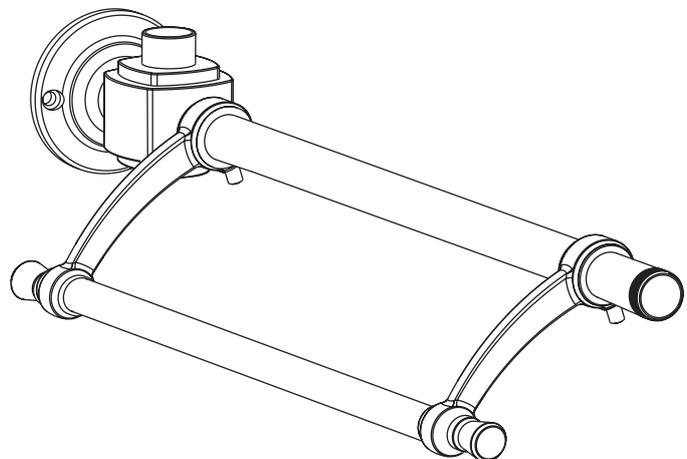

2

Assemble the Towel Rail, as shown in the illustration. The grub screws (a) should only be slightly screwed in as this section clamps to the pole return assembly on the washstand.

3

Slide the Towel Rail on the the Pole Return Assembly in the same way as the image and tighten the grub screws using the supplied Hexagonal Key. You can now continue with the washstand installation from section 2.

For guarantee and caring for your product, please refer to the sections in the parent product installation guide.
